NEW RELEASE: HISTORY

EARTH AND SPACE

Go beyond planet Earth voyage on a breath-taking exploration of Earth's creation and the cosmos

- HISTORY pairs two best-selling franchises—*The Universe* and *How the Earth Was Made*—in one enthralling collection that uncovers the creation of planet Earth and the depths of the cosmos.
- *The Universe* is the #1 best-selling HISTORY franchise on Blu-ray and DVD.
- *How the Earth Was Made*, a million dollar franchise, takes viewers on a visually arresting roller coaster ride through Earth's 4.5 billion year history.
- Marketing includes national cable commercials, extensive on-line marketing initiatives including a viral screensaver, blogger giveaways and reviews in men's lifestyle and science publications.

SYNOPSIS Take a breath-taking journey through the birth of planet Earth and the cosmos with two visually arresting and best-selling series from HISTORY. From the Great Lakes to Iceland, the San Andreas Fault to Krakatoa, *HOW THE EARTH WAS MADE* travels the globe to reveal the geological processes that have shaped our planet. And, from the mysteries of our own solar system to those that surround unexplored galaxies, history and science collide in this ambitious investigation of *THE UNIVERSE*.
