

The LOST WORLD

ON DVD AND VHS

Before Jurassic Park, there was THE LOST WORLD.

At the turn of the century, an expedition led by the brilliant and combative Professor George Challenger leaves London for the Amazon, where dinosaurs are rumored to survive on a remote plateau. The party reaches their goal and finds a prehistoric wonderland, but the thrill of discovery is soon overshadowed by a desperate struggle for survival.

With special effects from the award-winning production team behind *Walking with Dinosaurs*, THE LOST WORLD brings Arthur Conan Doyle's classic tale to life like never before. Bob Hoskins (*Nixon*, *Who Framed Roger Rabbit?*) stars as Professor Challenger, and the exceptional supporting cast includes Peter Falk (*Columbo*) and Tom Ward (*Quills*).
