The Lives and Legacies of the 43 Leaders of the United States

THE PRESIDENTS is an unprecedented eight-part survey of the personal lives and legacies of the remarkable men who have presided over the Oval Office.

From George Washington to George W. Bush, THE PRESIDENTS shares the stories of the distinctive individuals who have guided America throughout its history—their powerful personalities, weaknesses, and major achievements. Based on the book *To the Best of My Ability*, edited by Pulitzer Prize-winner James McPherson, THE PRESIDENTS features insight from journalists, scholars and politicians including Walter Cronkite, Wesley Clark, Bob Dole, and former President Jimmy Carter, as well as rare and unseen photographs and footage.

Viewed within the changing contexts of each administration, the Presidency has never seemed more compelling and human.
