From beloved cult auteur Henry Jaglom, recognized by the *Los Angeles Times* as "one of America's most important filmmakers," comes a sophisticated modern comedy about women, love, neuroses, and the food that binds them all... Henry Jaglom's **EATING**!

At a fashionable birthday party in Southern California, a parade of women playfully mingle and muse on their body image hang-ups, eating disorders, relationships, and a conformist society obsessed with beauty. For these partygoers, even their untouched slices of cake provide insight into the love-hate relationship between femmes and food.

Loosely scripted and crafted in a vérité style to allow its actresses to be spontaneous and honest, **EATING** is a hilarious and thought-provoking smorgasbord of "biting" observations!

- From cult-favorite indie auteur, **Henry Jaglom** (*Someone to Love*, *Festival in Cannes*).
- An indie classic, **EATING** made a feast at the box office when it was theatrically released in 1990, grossing over \$2 million due to a record-breaking run carried completely by word of mouth.
- Featuring a multi-talented female ensemble cast, including **Mary Crosby** (*Dallas*) and **Frances Bergen** (mother to *Candace Bergen*).
- Released to coincide with the theatrical release of Jaglom's new film *Going Shopping*, a companion piece to **EATING**, in November 2004.
