

SYNOPSIS ENGINEERING AN EMPIRE: THE COLLECTOR'S EDITION circles the globe to re-examine history's most magnificent civilizations by surveying the architectural and engineering triumphs they left behind. Beginning more than five-thousand years ago with the mind-boggling construction feats of the ancient Egyptians, the 14 documentaries — including two feature-length specials — in this collection revive the spectacular glory of the past, from the great temples of Greece to the majestic and mysterious Tenochtitlan.

ENGINEERING AN EMPIRE: THE COMPLETE SERIES

The classic HISTORY series in a refreshed gift set with a brand new bonus disc

- Includes the acclaimed Emmy®-winning original 12 episode series as well as 2 feature length specials and a BRAND NEW bonus disc for over 12 hours of content.
- Through the use of advanced CGI, Hollywood-style dramatizations, expert interviews and on-location shooting, this series will bring these amazing achievements to life in a way never before seen.
- This proven bestseller is better than ever with a brand-new bonus disc containing nearly three hours of additional programming that adds further insight on technology in the ancient world.
- Segments include world famous monuments such as Agamemnon's Tomb, the Great Wall of China, the Kremlin, Westminster Palace, the Eiffel Tower, and many more.
- Covers such fascinating subjects as:
 - The Parthenon
 - The Great Wall of China
 - St. Peter's Basilica
 - Notre Dame
