

SEVEN DEADLY SINS

Seven spell-binding documentaries explore the deadly sins

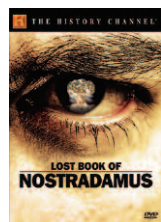

In this intriguing series, HISTORY™ examines the impact of the seven deadly sins on mankind throughout the ages.

We learn how the concept originated—as a way to keep a lustful fourth-century monk from sinning again—and how the sins were pared down from eight to the seven we recognize today: gluttony, lust, greed, anger, sloth, envy, and pride. For the Catholic faithful they became a guide on the path to heaven. To repeat offenders, they promised damnation in Hell and very specific, very gruesome punishments. Gluttons, for instance, would be force-fed rats, toads, and snakes.

The warnings couldn't be clearer: Succumb to any of the seven deadly sins and God's judgment will be severe.

- Using CGI animation and analyses of religious texts, HISTORY provides an in-depth look at each of the seven deadly sins—and their corresponding punishments.
- SEVEN DEADLY SINS reveals the history of the sins, the historical figures that have been the worst perpetrators, and their link to the end of the world.
- The series aired during the highly publicized Apocalypse Week on HISTORY and the series was watched by over 8.5 million viewers.
