

SYNOPSIS Is it possible that intelligent life forms visited Earth thousands of years ago, bringing with them technology that drastically affected the course of history and man's own development? *Ancient Aliens* launches all-new expeditions to seek out and evaluate this evidence, with a concentration on discoveries of the last 30 years, including unusual DNA findings on man's evolution and newly decoded artifacts from Egypt to Syria to South America. It is a balanced investigation into a theory some believe cannot be true, but many agree cannot be ignored

ANCIENT ALIENS: THE COMPLETE SEASON ONE (BD&DVD)

The hit HISTORY special is now its newest hit series on BD and DVD

- Based on the bestselling, top-rated HISTORY special.
- Stunning success on iTunes – currently the #2 rated HISTORY series.
- Includes the original *Ancient Aliens* special as bonus.
- The series presents a balanced investigation of unexplained phenomena and uses science and mathematics to attempt to determine whether Earth life originated from alien cavitations.
- Marketing and grassroots support includes outreach to history buffs and sci-fi fans through social media like Facebook online contests.
