The Long-Lost British Sci-Fi Classic

More than just gifted teens, John, Elizabeth, and Stephen continue their galactic adventures in THE TOMORROW PEOPLE: SET 2—four discs filled with all 26 episodes from the third, fourth, and fifth seasons of the sci-fi cult classic.

The Tomorrow People represent the next step in human evolution, *Homo superiors* able to move objects, travel through space, and communicate using only their minds! But with these extraordinary powers comes great responsibility—namely protecting the galaxy from forces of evil and helping new Tomorrow People breakout. Introduced to British audiences in the 1970s, THE TOMORROW PEOPLE continues to entertain audiences with unforgettable sets, smart plots, and taut action sequences.

- The third, fourth, and fifth seasons of the cult classic available on DVD for the first time—a 4-pack set loaded with 26 episodes and bonus programming!
- An enduring sci-fi television milestone with high nostalgic value for 20- and 30-somethings.
- This series inspired a Nickelodeon remake in the 1990s, winning a second generation of fans.
