

MONSTER QUEST

THE COMPLETE SEASON TWO

The groundbreaking hit series returns in search of 20 of history's most legendary creatures

From the beginning of time, mankind has been riveted by accounts of mysterious creatures, from mega-hogs to vampires and giant spiders. Now, sightings continue throughout the world as more people come forward with photos and other evidence. In North Carolina, a creature thought to be dead for decades may be stalking livestock. In Texas, a dead body that doesn't look like any known species is found. And in the Pacific Ocean may lurk a giant capable of attacking whole ships. SEASON TWO of this spellbinding series from HISTORY™ takes a fresh look at the beasts of legend and seeks new proof of their existence.

Surprising historical research and scientific analysis set the stage for groundbreaking fieldwork: high-tech expeditions to the home turf of famous monsters. Deploying state-of-the-art equipment, each episode scientifically examines the best evidence available, including photographs, videos, hair and bone samples, and the actual eyewitness accounts themselves. Credible individuals have seen things they can't explain. It's time to sort out fact from imagination once and for all!

One part history, one part science, and one part monsters, MONSTERQUEST: THE COMPLETE SEASON TWO reveals the truth about these sightings and the creatures behind them.

- Building on the huge success of *Season One*, SEASON TWO has been expanded by an additional 7 episodes for over 15 hours of content on 5 DVDs—a truly “monstrous” collection!
