

# THE UNIVERSE

COLLECTOR'S SET

## An Exploration of our Solar System and Beyond

The unfathomable power of the Universe explodes to life in an out-of-this-world 14-DVD set from HISTORY™. Planets, stars and galaxies are revealed in a whole new light. Incredibly realistic computer reconstructions, sophisticated animations, and the most current scientific intelligence combine to show the hottest events in the sky, from colliding celestial bodies to collapsing suns.

Closer to home, the set delves into how our own Earth developed from an inferno of molten rock to the beautiful orb that sustains us today. It's a journey of cosmic discovery, amazement, and adventure like nothing on earth.

- THE UNIVERSE: COLLECTOR'S SET explores the solar system and beyond to bring the beauty and mysteries of the cosmos home to viewers.
- Contains some of the best-selling titles from HISTORY™ including the first two seasons of the landmark series, THE UNIVERSE, which premiered to over 1.4 million viewers.
- Shot in HD with stunning footage from NASA and state-of-the-art CGI graphics, viewers take a truly stunning visual journey across the galaxies.
