

# WORLD TRADE CENTER IN MEMORIAM

ON DVD AND VHS

For a time, its towers were the tallest buildings on earth, and The World Trade Center—an engineering marvel—came to symbolize American prosperity and strength. Recalling a more innocent era, this new production from THE HISTORY CHANNEL® was filmed just months before the towers' tragic demise and subsequently enriched with heartfelt reflection from host Harry Smith. WORLD TRADE CENTER: IN MEMORIAM charts the history of the towers' construction, revealing the controversies, decisions and innovations that surrounded the project, and—through interviews with those who proudly and ambitiously dreamt, designed and built the complex—examines the monument as both architectural achievement and cultural icon. What emerges is not only a tribute to a building, but an inspiring and intimate story of the birth and growth of an American symbol.
