FROM THE FAB WORLD OF GERRY ANDERSON

STINGRAY

THE COMPLETE SET ON DVD

ALL 39 EPISODES OF THE RARELY-SEEN GERRY ANDERSON SUPERMARIONATION CLASSIC ON DVD.

In 2065, earth is united by a global democracy. But under the waves, the members of the World Aquanaut Security Patrol (WASP) battle the aquaphibians, a race of grotesque undersea warriors commanded by the evil Titan, who is determined to exterminate the surface dwellers. Leading the fight is Troy Tempest, the young commander of Stingray, a high-tech, atomic-powered super-sub.

Producer Gerry Anderson's 1964 series introduced a new level of technical and emotional sophistication to his trademark Supermarionation technique, winning over adults as well as kids and paving the way for the breakout success of *Thunderbirds*. This comprehensive DVD collection includes every episode of the pioneer show, digitally remastered for the ultimate STINGRAY experience.

- All 39 episodes of the rarely-seen Supermarionation classic available on DVD for the first time.
- All shows are digitally remastered, uncut, and presented in their original production order.
- Produced by Gerry Anderson (*Thunderbirds*, *Space: 1999*, *Captain Scarlet*, and *UFO*).
- Exclusive bonus features include deleted, never-before seen footage and audio commentary from Gerry Anderson and others.
- The latest addition to A&E Home Video's strong-selling line of cult-classic Supermarionation titles.
