

THE FRENCH REVOLUTION

Liberté, Égalité, Fraternité: A New Republic Is Born In Blood.

On July 14, 1789, a mob of angry Parisians stormed the Bastille and seized the King's military stores. A decade of idealistic warring and murderous carnage followed, bringing about the end of feudalism and the rise of equality and a new world order.

THE FRENCH REVOLUTION is a definitive two-hour documentary that encapsulates this heady (and often headless) period in Western civilization. With dramatic reenactments, period illustrations and paintings, revealing accounts from journals, and expert commentary from historians, THE FRENCH REVOLUTION vividly unfurls in a maelstrom of violence. King Louis XVI, Marie Antoinette, Maximilien Robespierre, and Napoleon Bonaparte lead a cast of thousands in this essential program from THE HISTORY CHANNEL®.

Narrated by Edward Herrmann (*The Aviator*), THE FRENCH REVOLUTION explores the legacy that stands as both a warning and a guidepost to a new millennium.
