GRAVE ENCOUNTERS—Tribeca Film

Ghost Hunters meets *Paranormal Activity* in this horror film by the Vicious Brothers about a team of paranormal investigators spending the night locked inside an abandoned asylum.

Lance Preston and the crew of *Grave Encounters*, a ghost-hunting reality television show, are shooting an episode inside the abandoned Collingwood Psychiatric Hospital, where unexplained phenomena have been reported for years. On a quest to expose the truth and scare their viewers, the *Grave Encounters* crew conducts background interviews with current psychologists, as well as provides disturbing archival footage of patients in the earlier half of the century. All in the name of good television, they voluntarily lock themselves inside the building for the night and begin a paranormal investigation, capturing everything on camera. They quickly realize that the building is more than just haunted – it is alive – and it has no intention of ever letting them leave. They find themselves lost in a labyrinth of endless hallways and corridors, terrorized by the ghosts of former patients. They soon begin to question their own sanity, slipping deeper and deeper into the depths of madness, ultimately discovering the truth behind the hospital's dark past...and taping what turns out to be their final episode.

TRANCERS: THE ULTIMATE DETH COLLECTION—Flatiron Film Company

Set in the year 2247, this 5-disc collection of all 5 classic sci-fi films directed by Charles Band (*Puppetmaster*, *Evil Bong*) centers on bounty hunter Jack Deth as he tries to stop the villainous Martin Whistler, a terrorist who uses mind control to wreak havoc on the city of Los Angeles. Featuring Tim Thomerson, Helen Hunt and Telma Hopkins.

Trancers I:

Jack Deth (Tim Thomerson, *Near Dark*) is a trooper in Angel City circa 2247, mopping up the last of the disciples of the evil Whistler, who uses his psychic power to “trance” and control those with weak minds. Whistler is in 1985 hunting down and trancing the ancestors of the City Council and Jack is sent back in time by inhabiting the body of his ancestor. With the help of Leena (Academy Award® winner Helen Hunt, *As Good As It Gets*), he must find and face Whistler in a final confrontation.

Trancers II: The Return of Jack Deth:

Stranded in the 20th century after chasing a villain from the year 2247, future-cop Jack Deth discovers that another baddie, Dr. E.D. Wardo (Richard Lynch, *Scarecrow*), has also traveled back in time— with a scheme to turn solid citizens into mindless trancers.

Trancers III:

Jack, beginning to get his life back together, is time-jacked back to 2247, where he learns that the new trancer program is government-sponsored, and that his usual shoot-everything-that-moves attitude might not work this time.

Trancers IV: Jack of Swords:

Jack finds himself in a whole new, more dangerous dimension, where he runs across a different version of trancers, who have taken control of this new planet.

Trancers V: Sudden Deth:

In Jack’s final round with the trancers, he must find his way home from the other-dimensional world of Orpheus, where magic works and the trancers are the ruling class.
