

DOGFIGHTS

THE COMPLETE SEASON ONE

A pilot's-eye-view of history's greatest air battles

There's no better place to experience the grace and power of the world's most lethal aircraft than in the pilot's seat. Now, utilizing the latest in CGI flight simulation, THE HISTORY CHANNEL® puts viewers where they've always longed to be—inside the cockpit—to relive history's greatest air battles.

Archival footage and first-hand accounts from legendary dogfighters capture the drama and consequence of these epic showdowns. Viewers learn about the capabilities and history of their aircraft, and receive detailed briefs from the original pilots on the enemies they faced. Then, state-of-the-art computer animation recreates, as thrillingly as possible, the life-or-death stakes of the actual dogfights that shaped the history of modern warfare.

- Each episode is 40% CGI with views from the pilot's chair, narrated by the flying aces that flew in the real dogfights.
- Viewers will meet the pilots, learn about the technology and history of the classic aircraft, get debriefed on the enemy, and see combat from an aerial view.
- Bonuses include the feature-length pilot episode and a behind-the-scenes featurette.
