

SYNOPSIS Season One of *American Pickers* follows highly skilled "pickers" Mike Wolfe, owner of Antique Archaeology in Iowa, and his business partner Frank Fritz, as they hunt down objects with historical, collectible and pop culture value that have been long forgotten by their owners. From a vintage Harley to a one-of-a-kind Ferris wheel, each treasure hunt uncovers weird and wonderful Americana, offering a glimpse into a little-known side of the antiques business. Along the way, Mike and Frank meet people whose own stories open a window into American lives and history.
