

UFOHUNTERS™

THE COMPLETE SEASON TWO

Join the hunt for scientific evidence of real UFOs on Earth

For as long as humans have gazed at the night sky, we have seen things that cannot be explained. *UFO HUNTERS* examines some of the most intriguing sightings, from as long ago as nineteenth-century Texas to today. Bill Birnes and Pat Uskert, both from *UFO Magazine*, and Dr. Ted Acworth, who has worked for NASA and MIT, have unparalleled access to UFO evidence and can quickly identify bogus claims. Together they analyze eyewitness accounts, scientific experiments, declassified documents and new television footage to separate fact from fallacy. Their goal: neither to prove nor disprove the existence of UFOs, but to accurately and methodically evaluate the evidence.

In *SEASON TWO* of this hit HISTORY™ series, the team's investigations take them across Europe and North America, and include a fresh look at Roswell, New Mexico.

The truth is out there—and the *UFO HUNTERS* are on the case.

- Shot on-location around the world, the series follows the team from *UFO Magazine* as they seek the answers to the mysteries of UFO phenomena while demonstrating scientific evidence that pushes the boundaries of modern-day thinking.
- This top-rated series features eyewitness accounts, scientific experiments, and recently released documents from the FOIA to investigate UFO cases plus bonus, never-before-aired footage.
- 1 in 3 Americans believe in extraterrestrial phenomena, and sales of UFO-related programming demonstrate consumer demand for the genre.
