

BOMB IT

The explosive new film about graffiti art

In the vein of the cult classic *Style Wars*, BOMB IT is a wild ride into the heart of the global graffiti culture where the love of art and ego clashes explosively with law and order. On top of a fresh soundtrack of punk, hip-hop and funk, this high-octane film explores the many manifestations of “bombing,” the act of committing artistic crime with spraypaint. From the pioneers of bombing who painted living museums on trains in New York City to the underground artist who seeks the sublime painting in blue in the depths of Sao Paulo’s sewers, the artists in BOMB IT are fascinating studies in the power of art to disturb, protest, and enlighten.

- 2008 theatrical release: April – May 2008 in 20 cities.
- From award-winning filmmaker Jon Reiss (*Better Living Through Circuitry*).
- Featuring old-school graffiti legends and current favorites, such as Taki 183, Cornbread, Stay High 149, among many more.
- Pulsing soundtrack featuring artists such as Supreeme, DJ Wise, Immortal Technologies, and Dr Onionskin.

“The high-energy film presents an in-depth, and extremely entertaining look at the history of graffiti.”
