

TITANIC

The Complete Story

ON DVD

The "unsinkable" Titanic was a dream come true. Four city blocks long, she was the pride of the White Star Line. Yet, just before midnight on April 14, 1912 the great ship sideswiped an iceberg, tearing a hole nearly 200 feet long in the hull, and sinking the ship in two hours.

Using newsreels, diaries, and exclusive interviews with survivors, TITANIC: THE COMPLETE STORY charts the fateful history of the ship and its passengers, as well as the pop culture phenomenon the tragedy has become. From the ship's construction to the courageous deep sea expeditions uncovering its sunken secrets, this is the comprehensive story of the TITANIC.
