"If civilization is to survive, we must cultivate the science of human relationships—the ability of all peoples, of all kinds, to live together, in the same world at peace"

—Franklin D. Roosevelt

A PRESIDENCY REVEALED

FDR: A PRESIDENCY REVEALED examines one of history's most compelling figures. Inspired by his cousin Teddy Roosevelt, Franklin D. Roosevelt rose to the nation's highest office during the depths of one of its darkest periods. A man of few words, he brought a nation together through his revolutionary Fireside Chats. He introduced vast reforms like Social Security and work relief for the unemployed. At the same time, his administration hid a dark underbelly teeming with covert maneuvers, spy rings, and powerful enemies. This comprehensive original program from THE HISTORY CHANNEL®, complete with never-before-seen home movies and rare audio recordings, reveals the full story of FDR's remarkable 4-term presidency.
