AUTO THEFT TASK FORCE™

THE COMPLETE SEASON ONE

**13 Episodes
on 2 DVDs!**

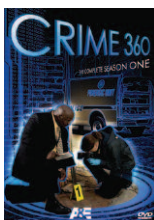

Hit new A&E series takes an inside look at rarely seen stealth tactics that put criminals behind bars

Buckle your seatbelt extra tight and be prepared for anything when you ride shotgun with The Wolf Pack as they chase down stolen cars and the real-life criminals driving them. Formally known as the Essex/Union County Auto Theft Task Force, these highly trained officers rely on high-tech vehicles and devices—including heavy-metal tricked-out SUVs, decoy cars, Lojack tracking, automated license plate readers, and even a helicopter with a heat-seeking camera—to track and collar the thieves.

For the ATTF, recovering the stolen property is only one part of the job. Hot cars are often used in robberies, murders and drug running, so the stakes are high: even an ordinary traffic stop can explode into a potentially lethal gun battle.

- The newest true-crime show from the network that made the *Crime 360* and *The First 48* top-watched shows and combined average over 2.8 million viewers per episode.
- Featuring cutting-edge police technology including a fleet of souped-up, heavily armored SUV's, decoy cars equipped with GPS tracking devices and remote control shut-offs, and a helicopter with heat seeking cameras.
- With a car stolen every 26 seconds in the U.S., there is no shortage of material for this new hit show from A&E.
