SPACE: 1999

ON DVD

Escape into Worlds Beyond Belief with SPACE: 1999!

Producer Gerry Anderson (*Thunderbirds*, *UFO*, *Captain Scarlet*) created some of the most vividly imagined and popular science fiction series of all time. Now, A&E Home Video proudly presents the ultimate collector's sets of one of his most famous shows—the cult television classic SPACE: 1999, starring Martin Landau and Barbara Bain.

On September 13, 1999, a massive explosion at a lunar nuclear waste dump sends the Moon out of Earth's orbit. Without warning—and with return to Earth impossible—the 311 men and women of Moonbase Alpha find themselves on a perilous journey to the far reaches of space.

SPACE: 1999 features a legendary cast including Oscar® winner Martin Landau (*Ed Wood*, *Crimes & Misdemeanors*), Emmy® winner Barbara Bain (*Mission: Impossible*), and Catherine Schell (*The Return of the Pink Panther*), thought-provoking stories, and exceptional special effects by Oscar® winner Brian Johnson (*Alien*, *The Empire Strikes Back*). This complete DVD set includes all 48 original episodes—digitally remastered from the original 35mm film elements—along with a host of bonus features, extra footage, and more!
