HEAD BACK TO THE FUTURE WITH S.H.A.D.O.!

ON DVD

It's 1980, and aliens are invading earth, kidnapping people and harvesting their organs. They are opposed by S.H.A.D.O., a top-secret agency with headquarters in a lead-lined bunker 80 feet beneath a London film studio. Led by the dedicated Commander Ed Straker, S.H.A.D.O. deploys an incredible arsenal of high-tech weapons to stop the extra-terrestrial invaders.

Featuring the extraordinary special effects and futuristic plots that helped make his Supermarionation shows instant classics, UFO marked Gerry Anderson's (*Thunderbirds*, *Stingray*, *Space: 1999*) first foray into live-action television. This DVD-exclusive collection includes the first 13 episodes of the rarely-seen sci-fi series, digitally remastered, uncut, and presented in their original production order.
